

Quality, Environmental, Health & Safety Policy

(IMS Policy)

Our Commitment

We at ESBEE are ethically committed to continual improvement across Quality, Environment, Health & Safety. Our IMS Policy is built on four core pillars:

1. Safeguarding the Ecosystem

To safeguard the environment by eliminating or minimizing the release of hazardous and harmful substances from our processes and prevent environmental pollution.

2. Customer Satisfaction

To consistently provide high-quality products and services that meet or exceed customer expectations.

3. Safe & Healthy Work Environment

To provide a safe and healthy working environment for all employees by identifying hazards, assessing operational risks, and ensuring effective controls to maintain a safe and healthy workplace.

4. Sales Growth From New Products

To ensure maximum customer satisfaction, gain new customers, and derive additional sales from new products.

5. Legal Compliance

We are committed to compliance with all relevant legal and regulatory requirements applicable to our operations and the ESBEE premises.

To achieve these IMS objectives, ESBEE shall:

1. Integrate health, safety, and environmental considerations into all decisions involving processes, equipment, machinery, and material selection.
2. Eliminate pollution and ensure safe disposal of all relevant industrial waste.
3. Follow all applicable EH&S regulations in every activity conducted within ESBEE premises.
4. Ensure awareness and participation of employees at all levels to uphold the IMS principles.
