

Environmental Policy

Our Environmental Commitment

We at ESBEE ELECTROTECH LLP believe that businesses are responsible for achieving good environmental practice and operating in a sustainable manner. We are therefore committed to reducing our environmental impact and continually improving our environmental performance as an integral and fundamental part of our business strategy and operating methods. It is our main concern to encourage our customers, suppliers, and all business associates to do the same. Not only is good environmental practice sound commercial sense, it is also a matter of delivering our duty of care towards future generations.

Our Policy Is To:

1. Comply With Environmental Legislation

Wholly support and comply with or exceed the requirements of current environmental legislation and codes of practice.

2. Minimize Waste

Minimize our waste and then reuse or recycle as much of it as possible.

3. Reduce Energy & Water Consumption

Minimize energy and water usage in our buildings, vehicles, and processes in order to conserve supplies, and minimize our consumption of natural resources, especially where they are non-renewable.

4. Operate Vehicles Responsibly

Operate and maintain company vehicles with due regard to environmental issues wherever reasonably practical, and encourage the use of alternative means of transport and car-sharing as appropriate.

5. Continuously Improve Environmental Impact

Apply the principles of continuous improvement in respect of air, water, noise, and light pollution from our premises, and reduce any impacts from our operations on the environment and local community.

6. Source Environmentally Responsible Products

As far as possible purchase products and services that do the least damage to the environment and encourage others to do the same.

7. Assess Environmental Impact Before Changes

Assess the environmental impact of any new processes or products we intend to introduce in advance.

8. Ensure Employee Understanding

Ensure that all employees understand our Environmental Policy and conform to the high standards it requires.

9. Address Non-Compliance Promptly

Address complaints about any breach of our Environmental Policy and respond as soon as possible.

10. Review Policy Annually

Review our Environmental Policy annually in consultation with staff, associates, and customers.
